

**In the Specification**

Please enter the attached replacement Abstract.

Please enter the following replacement paragraph [000100]:

[000100] The first air feed duct 40 is arranged statically, like the second feed duct 42. In order to seal off the first feed duct 40 with respect to the rotating part of the container 14, a sealing lip 70 is provided, which bears in a sliding manner on a rotating vertical wall 72[[42]] firmly connected to the wall 16.
